

## IPOPIF Database

The IPOPIF utilizes [eVestment](https://www.evestment.com), a third-party industry database of institutional-quality registered investment advisers to serve as the primary pool from which the IPOPIF will identify and evaluate candidates in a search for Investment Advisers as defined in IPOPIF's Procurement of Investment Services Policy, PP-2021-07 ("Procurement Policy"), available at <https://www.ipopif.org/governing-documents/policies/>. Candidates may submit information at [www.evestment.com/submit-my-data/](https://www.evestment.com/submit-my-data/). The IPOPIF's database is subject to the following:

1. All interested investment managers have access to the IPOPIF Database. No fee shall be required to participate in the IPOPIF Database and the IPOPIF will not use any criteria to exclude Emerging or MWDBE (as defined in the Procurement Policy) investment managers or SDVOSB or VOSB (as defined in the Procurement Policy) investment managers from participating in the IPOPIF Database.
2. The IPOPIF encourages all interested investment managers to access and submit their information into the IPOPIF Database, regardless of whether there is a current Request for Proposals and will engage in outreach to ensure that Emerging or MWDBE investment managers and SDVOSB or VOSB investment managers are aware of and have access to the IPOPIF Database.
3. The IPOPIF will use the IPOPIF Database to evaluate Candidates with respect to the product information and performance as specified in a Request for Proposals.
